

GOLD STAR SAFETY AWARD

Half way through this quarter, Clifford decided to create the Gold Star Safety Award.

How does it work?

- Supervisors with the best HSE and site paperwork (based on quality and completeness) were nominated by the HSE Department
- Each of these supervisors were given a ticket.
- 1 ticket was drawn and the recipient is the winner.

Many Clifford sites were nominated this quarter (September to November). We would like to congratulate the four Supervisors for being the first nominees for this award.

The winner of the Gold Star Safety Award for Fall 2018 is Steve S.

Well done Steve and congratulations! Hope you enjoy your prize!

Clifford appreciates all of your hard work! we challenge all Supervisors to strive for Gold Star Safety Award next quarter. Good luck!

PROJECT SPOTLIGHT

St. Michael's Cathedral

A short list of the restoration performed includes the exterior tower spires, installation of slate floors, stone wainscoting around the interior perimeter, and the fabrication and installation of altar and baptismal fonts. The better question might be, what hasn't been restored in this cathedral? Although the restoration efforts are coming to an end, the restoration of the Nave and East Chancel window have been completed and won an award from Heritage Toronto. Last year St. Michael's Cathedral also celebrated earning its designation as a Basilica Cathedral. From 2011 until now, many skilled workers have assisted in this magnificent restoration. Congratulations on all your hard work!

If you would like to see your project in the Spotlight,

send an email of the description along with photos for consideration to phil@cliffordrestoration.com

Awards Won:

Heritage Toronto 2017, Award of Excellence

Old Don Jail

Left to Right: Rob, Paul, Jonathan, Frank, Jim, Guy, Antonio & Donnie

A SPECIAL THANKS

Saturdays in Shelbourne

Many Clifford employees and members of our extended Clifford family showed up in Shelbourne to volunteer their time in order to build Jim Mills a ramp. Your time and effort not only accomplished this goal but also showed our ongoing support and friendship to members of the Clifford Team. Thank you to all of those who came — even if it was only to hang out by the barbeque. We know the Mills appreciate your company and help as well.

SEASONS GREETINGS

All of us at Clifford wish you and your families a safe and happy holiday season. Wishing everyone success in 2019! Play safe!

All injuries are avoidable with proper planning and controls. For 2019 Clifford is committed to the following New Year Resolutions. These resolutions are our organizational goals for 2019.

1. Increase quantity of near miss reports by 20%.
2. Increase size of master list by 50% based on Critical Task Inventory.
3. Complete Project Hazard Assessment prior to job start for all projects.
4. 100% compliance of new Task Hazard Assessment form, as opposed to old PSA.
5. Increase reporting of medical incidents by 50%. Collect all forms, including blank forms.
